Many of today's world stars used futsal to develop their skill and decision making in their youth. The Brazilians attribute their world soccer success to Futsal and Ronaldo has credited it to developing quick foot control, fast-thinking and awareness. TetraBrazil provides players with an Authentic Brazilian Futsal training right in their own community and our curriculum is professionally designed to provide the same expert level of training received by professional clubs in Brazil.

In a 30-min Futsal match, a field player playing the entire match touches the ball once every 29.5 seconds; that's just over 60 possessions per player! This compares to only 30-40 possessions in a 90-min 11v11 match. The fast-paced nature of the game allows players to develop faster with more on-the-ball contact, and the nature of the game places a large emphasis on technical skill and ability in high-pressure situations.

Learn the Brazilian way of Futsal with quick 1 & 2 touch combinations, speed of play, decision making, skills, feints, awareness, and confidence under pressure.

The TetraBrazil Soccer Academy will teach your child more than just techniques and tactics. Each member of the TetraBrazil coaching staff will bring an authentic taste of the flair, passion, and creativity of Brazilian soccer to our Futsal camps.
